

The PDM Group supplies a range of meat products for inclusion in food, for the retailing and catering sectors. It refines and packages edible fats for the retail and manufacturing sectors, and packs own label and branded products for UK supermarkets. PDM also operates as a separate division, a nationwide food distribution service supplying independent fast-food businesses.

Food Processing and Distribution Division

T.Quality

T.Quality provides a one-stop facility for fish and chips shops and fast-food outlets across the country.

With 10 distribution sites nationwide T.Quality supplies top quality fish, oils & fats, batter, condiments, drinks and packaging for customers throughout the UK

T.Quality is the only independent, nationwide, dedicated supplier to the fish and chip industry.

T.Quality offers their customers a full order and delivery service, or a call and collect service from their local depot.

"The No.1 Supplier to Fish & Chips and Fast Food Industry"

SERVING THE FOOD INDUSTRY THROUGH CONTINUAL IMPROVEMENT

Nortech Foods operates the largest edible beef dripping and lard refinery and packing plant in the UK.

The company supplies a range of edible fats and oils for retail, manufacturing and catering industries under a variety of brands including the 'Britannia' range of lard and dripping.

Nortech also provides contract packing services for many of the UK's leading brands of cooking fats.

PERIMAX

Perimax specialises in the production of added value meat products and recipe ingredients for food manufacturers across the UK.
